The Briefing for Saturday – March 18 - 2023

Day 12 Of the 60 day Legislative Session – 48 Days til Sine Die!

The last Briefing was Friday– March 17 - 2023

How's your weather - <https://weather.com/>

Week Three – Bills Moving – Budgets Revealed

Week Three will bring a sharper focus on which bills will continue to move!

Here's a snap shot of some major issues!

- School Vouchers– HB 1 passed the House Friday; SB 202 is postured to hit the Senate Floor. Get ready for universal vouchers!
- Sovereign Immunity – is in limbo – HB 407 was TP'ld in the House committee last week and SB 604 hasn't moved in the Senate. Prediction – it will move! Our position – limit the increase in the caps!
- School Start Times – HB 733 moved in its first committee in the House on Thursday – Yes, adolescent kids need their sleep, but mandate statewide school start times has a lot of issues! SB 1112 has not been heard.
- Restriction on Local Ordinances – SB 170 has passed the Senate; HB 1515 is scheduled for first committee hearing this week.
- Changes to the FEFP – The House K-12 Appropriations Committee will roll out a Proposed Committee bill this week that will make major changes to the FEFP. Changes suspected – elimination of some categoricals; possibly elimination of the FEFP. Elimination of categoricals is not good – districts will have to do the programs anyway; many of the categoricals have base funding levels that were put in place for small school districts; and, simply rolling funds into the base student allocation will expose those funds to collective bargaining. Hopefully, the Senate won't have an appetite for this!

What we'll see this week! The Appropriations Subcommittees will start rolling out proposed budgets.

Several Watch Bills will be under consideration:

- County Commissioners and School Board Term Limits in Senate Committee
- Rural Development in Senate Committee
- Restrictions on Local Ordinances in House Committee
