The bill amends s. 288.018, F.S., to specify that funding provided under the Regional Rural Development Grants Program are not matching grants. The bill eliminates the requirement that grant funds received by a regional economic development organization must be matched each year by nonstate resources in an amount equal to 25 percent of the state contributions. The bill also removes the requirement that the DOC consider the demonstrated need of the applicant for assistance when approving participants for the program. Lastly, the bill removes the requirement that an applicant must show proof that each local government and the private sector made a financial or in-kind commitment to the regional organization in order to receive funding. The bill takes effect July 1, 2024.
