

**HAVE A  
GREAT  
WEEKEND**

## ***The Briefing for August 17, 2024***

*The Last Briefing was August 13, 2024*

### **ELECTION 2024**

***It will be a busy week in Florida politics.***

On Tuesday, voters across the state will decide the winners of primary elections.

***1.55 million Floridians have early voted.***

Data posted Friday morning on the state Division of Elections website showed that 1,143,344 people had voted by mail, including 492,871 Democrats, 472,727 Republicans, 162,608 unaffiliated voters and 15,138 third-party voters. Also, 412,545 people had cast ballots at early-voting sites, including 259,962 Republicans, 121,815 Democrats, 27,754 unaffiliated voters and 3,014 third-party voters. Early voting will continue through Saturday statewide and will be offered Sunday in some counties.

***Four days left until the Primary!***

Many of the races will be determined on Tuesday! The remaining partisan races and run-offs, if necessary, for non-partisan offices will wait until the November General Election!

**You can find results for your county**

***Tracking Results!***

***We are requesting to be notified as soon as results come in for County Commission, School Board and Superintendent positions!***

***Please email or text election results next Tuesday evening***

***Nonpartisan or Partisan!***

This year's school board races could be the last non-partisan campaigns in Florida depending on how voters decide on the proposed constitutional amendment in November. If the amendment passes, school board candidates starting in 2026 would be nominated in partisan primaries ahead of the general election. A July [poll from the University of North Florida](#) found that a significant number of voters have not made up their

minds: 40 percent said they would vote no and 37 percent said they supported it, with the remainder undecided. Amendments need 60 percent to pass.

### ***Around The State!***

#### ***Florida Department of Education - Weekly Memo to School Districts***

The Department of Education has issued the following memorandum regarding the DPS: 2024-152 Weekly Memo, August 12-16, 2024 . Open the link below to view the information regarding Actions to respond to the 2024 Legislative Session. The memorandum may be viewed at:

#### ***DEBBY'S DAMAGE ESTIMATED AT \$1.4 billion!***

Hurricane Debby caused about \$1.4 billion in privately insured losses in Florida and other states. The estimate was made by the Boston-based Karen Clark & Co.. The \$1.4 billion figure is based on estimated damage to residential, commercial and industrial properties and automobiles and losses in what is known as "business interruption" coverage. The estimate included about \$845 million in insured losses from wind damage, \$440 million from inland flooding and \$130 million from storm surge. The estimate is in line with a report issued by the global reinsurance broker Gallagher Re, which put insured losses for the private insurance market and the National Flood Insurance Program at \$1 billion to \$2 billion.

#### ***Spending by UF President Sasse to be reviewed!***

##### ***Prediction - More to come on this issue!***

Gov. Ron DeSantis' office and state Chief Financial Officer Jimmy Patronis have raised the possibility of looking into spending under former University of Florida President Ben Sasse. Reports earlier this week cited that President Sasse more than tripled his office's spending to \$17.3 million when compared to his predecessor.
